DCA Architects

We focus more on the clients need and accordingly delivers design excellence and innovation

Amit Aurora and Rahul Bansal founded DCA Architects in 1996. Since its inception the firm has accomplished design projects across diverse scales over the last two decades. This award-winning design consultation firm is based out of New Delhi.

With a unique ethos of Dream. Design. Discover. Deliver, the DCA Group provides services in Architecture, Interior design and Design Coordination across a wide range of building types including Offices, Residential, Retail/ luxury retail, Hospitality and Brand Identities. Via research and collaboration, the objective is to always create value through design that maximizes the project's complete potential. Driven by its team of experienced project managers, DCA Architects is equipped with the expertise, experience and capacity to deliver design, planning and interior design solutions and development/implementation of brand identities. Through their individual expertise, each of the partners has contributed towards the firm's robust image in the industry with a distinct focus of delivering Design excellence and innovation.

Every project is a successful result of a structured collaboration between the design team, clients and the spaces, thereby crafting innovative and sophisticated design solutions. Working with all the relevant stakeholders, each project is designed to meet specific needs and conditions that create an exclusive product. Design as a tool is optimised to transcend the client's vision to create a 'unique architecture', tailored to the aspirations of the client. Creativity is key to the design process, and delivering within the commercial and qualitative parameters is imperative to operations. Today, the firm has to its credit, remarkable, award-winning projects such as restaurants, salons, residences, retail outlets and other commercial work that has been implemented pan-India, both in the realm of architecture and interior design. The design studio and its projects have won many national awards and have been published in various design journals.
