Newsletter | June 2021

Greeting from groupDCA!

Ever since the lockdown drove us into our homes, we have found ourselves appreciating the many ways our sanctuary has morphed into everything from an office, to a gym, to a family space.

This month's edition of the newsletter highlights these concepts through a residential project we recently completed.

We look forward to your thoughts and feedback - write to us at media@groupdca.in !

Contemporary Design Reimagined Through Traditional Craftsmanship

II Unveiling The Residence Designed for Gaurav Mittal II

The residence we recently designed exemplifies the celebration of family. Every space in this home offers a unique opportunity for the family to interact with one another while also giving them plenty of privacy and rooms to escape to.

The living room features a plush, deep red sofa against a bespoke wood veneer wall.

Not to be missed is the delicate woodwork on the two armchairs opposite the sofa.

The unique furniture in this residence was designed, first and foremost, for function and comfort. The carefully crafted and finished customised furnishings of this home reflect the deep expertise of the craftsmen who made them.

The modular kitchen is equipped with the latest technologies available. Along with the family lounge, this is the most used space in the house.

In this inner hallway, a cluster of mirrors reflect a delicately carved gold cabinet and statement black marble wall. The reflections create a warm ambiance, compensating for the lack of natural light in this space.

The slim black metal frames adorn the glass fronted pantry doors and the sliding glass doors of the living room and lounge, tying the spaces of this home together in a harmonious theme.

The maximalist design of this residence, with its meticulous detailing, lavish textures, and rich hues, are designed to be contemporary, versatile, and timeless.

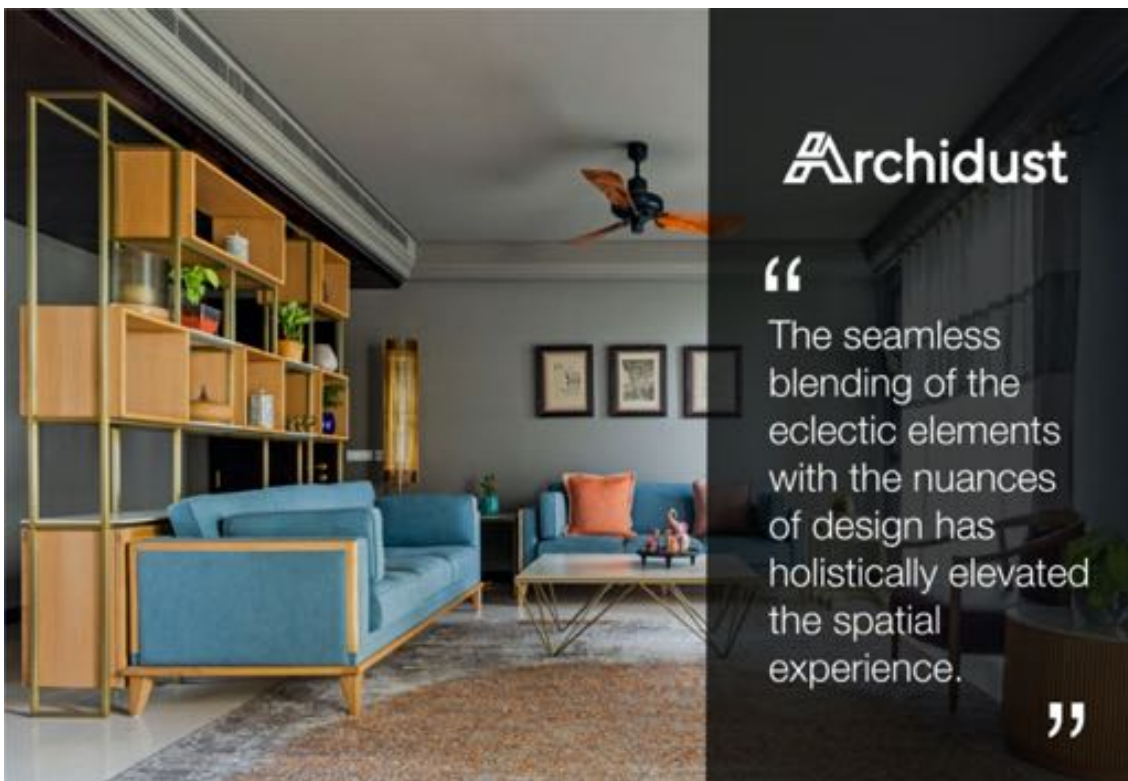

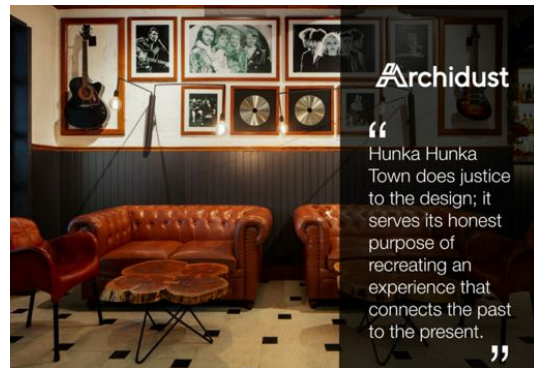

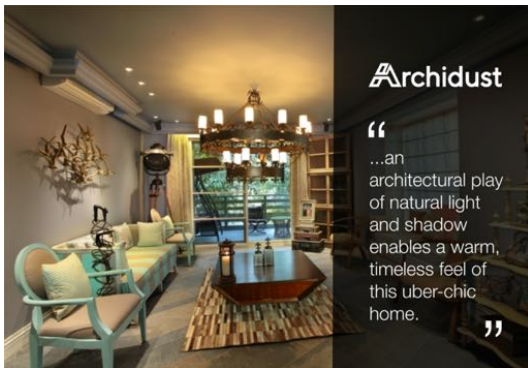

With all that's been going on in our in-house projects, now that we are reaching completion for some of them, we absolutely cannot wait to show what we have to present.

We have some exciting site stories uploaded on our Social Media handles as well.

Keep watching this space for the unveiling of more projects!
